## Our Parish

### A Note from the Pastor

Dear St. Peter's Parishioners,

Our parish celebrated its 87th birthday this past week on Thursday, November 8. It's remarkable to think that for almost nine decades, we have been coming to this corner of Brookside to worship our God, build our faith community, serve those in need, and educate our children. I hope you take pride, as I do, in being part of this parish that offers so much to so many.

As we head into our 88th year, I am particularly excited about a couple of initiatives that have taken place in just the last month.

The Christ Renews His Parish retreats which took place over two weekends in October were the beginning of a great opportunity for our parish to grow as a community in a deeper love for Christ. Thanks to all of the people both in the parish and from other parishes who made our first CRHP such a success.

The last couple of weekends, I've walked with a few parishioners, going door to door to meet some of our brothers and sisters east of Troost. I see great hope in the relationships we are continuing to develop with our neighbors. There are, of course, a number of opportunities for us to engage with the community east of our parish. In the "Around Town" section of today's bulletin, you'll find two events that our parish has been invited to. I hope you'll think about going to one of them. It's encouraging to see that when we reach out to get to know our neighbors, their hospitality is mutual.

God bless,  
Fr. Steve Cook

### 6<sup>th</sup> Annual Cranksgiving Alleycat Race

Join Kansas City bicyclists when they hit the streets to stock St. Peter's Food Pantry! This coming Saturday, November 17, cyclists will gather at 12:30 p.m. to get ready to ride in the Alleycat race through the city, starting at 1 p.m. at the Anita Gorman Discovery Center at 48th and Troost, stopping at grocery stores to pick up one or two items and rolling on to another, visiting up to 8 stores before **finishing around 3 p.m. at St. Peter's Legacy Center**. Groceries will be donated to St. Peter's Food Pantry. In 2011, riders collected and delivered to St. Peter's pantry over a ton of food. The Knights of Columbus supported the ride by counting and weighing each rider's load. Riders pay no entry fee and register the day of the event, receiving a spoke card and manifest. Chili and refreshments offered at the finish! To learn more, go to <http://cranksgivingkc.blogspot.com>.

St. Peter's would like to express heartfelt gratitude to the many men and women from our sister parishes, St. Elizabeth's, Cure of Ars, Ascension, Holy Spirit and Holy Cross for coming together to bring Christ Renews His Parish to St. Peter's. For the many months of planning by the mission teams, to the countless prayers before and during the retreat and the wonderful kitchen volunteers we are truly thankful of their selfless giving of their time and their faith. Many thanks also to the people of St. Peter's who made donations of food, supplies and money. The weekends were an

awesome Spirit-filled experience for the 17 men and 21 women who attended. We are committed to keeping the fire burning and are eager to pass this faith experience forward to fellow parishioners. As parishioner Leo Gussman expressed in a letter of thanks to the parish, "The weekend was a great blessing to us. The Holy Spirit smiled at us in endless ways."

## Our Parish

### **Campus Master Plan Overview of Near Term and Long Term Projects**

The St. Peter's Campus Master Plan Committee was charged to develop a comprehensive facilities, grounds, and maintenance master plan for the Parish. The committee engaged parish staff, school administrators, and ministry leaders and convened open meetings to solicit input and suggestions on what work should be done to ensure the future of St Peter's Parish in our community. The Committee evaluated the buildings, grounds, site improvements and maintenance needs of the entire campus in creating its final master plan.

Input from the parish was vital to informing the Committee as it undertook the process of evaluating and setting priorities included in the Campus Master Plan. Early in its deliberations and project scoping it was determined that the estimated budget needed to complete every project greatly exceeded the fundraising capacity of the parish. Given that realization, the Committee determined it was necessary and practical to bifurcate projects as near term and long- term priorities. The Campus Master Plan is a comprehensive report providing direction and guidelines to undertake improvements to maintain and improve our properties and meet the needs of the parish and its varied ministries.

In preparing the Campus Master Plan, four factors drove decision-making and priority setting:

- Accessibility and Safety
- Campus Unification
- Modernization, and
- Feasibility

The Campus Master Plan is separated into near term projects and long-term design intentions and plans.

The near term projects were presented to the entire Parish after Masses during the weekend of September 22 and 23. During that presentation, six specific projects were identified along with funding estimates and anticipated project initiation milestones. Those six projects have been described in bulletin articles published over the past several weeks. (Visit [stpkc.org](http://stpkc.org) and type in Campus Master Plan into the search toolbar, to find the updates.) The first of those projects; installation of the South School Elevator, is already in active fundraising and the parish intends to complete that project during the summer of 2013. The remaining five projects will be initiated in the summer of 2013 with completion of the largest and most ambitious project; renovation of the North School Building and Courtyard between the school and church, completed within four to five years.

While the six near term projects represent a response to the most immediate and high priority needs of the parish, there are other improvements and refurbishing that was identified in the Campus Master Plan. While those efforts will be deferred until sometime after completion of the near projects, the Master Plan provides a framework for guiding future capital improvements and fundraising. The long term plan highlights those projects, provides a brief description of design intentions, and where appropriate, guides decisions on the purchase of adjacent real estate, should that option come before the parish in the future. The long term goals of the Campus Master Plan reflect the input from parishioners and addresses the need for improving the playground/parking lot south of the school, ECLC pick up and drop off area and the Legacy Center building.

The entire Campus Master Plan was reviewed and adopted by the Parish Council. The Master Plan will provide future Parish Councils, Pastors and Administrators with a comprehensive framework to guide decision on capital improvements for the next 10-15 years.

Thank you to the numerous parishioners who took time to provide input into the development of the campus master plan and comment on early proposals. The Campus Master Plan Committee worked hard to ensure your input and ideas were carefully considered in preparing the St Peter's Campus Master Plan. If you have questions, you may submit them by e-mailing the committee at [CMP@stpeterskc.org](mailto:CMP@stpeterskc.org).
