Looking ahead: St. Peter's Parish recently completed a Strategic Planning initiative to guide our Parish and School into the future. As part of the process, a Campus Master Plan was developed with exciting **renovations and enhancements to STP's overall campus and facilities, many of which pertain directly to the school**, including installation of an elevator for increased accessibility, improved safety measures for daytime hours and drop-off/pickup times, a remodel of our oldest north school building, and much more!
